is a medical device and used for the treatment of acute and chronic wounds.

By the end of 2016, the Federal Office of Public Health has decided to create a new category on the „Mittel- und Gegenständeliste“ (MiGeL), thereby enabling full reimbursement of PRIMARY WOUND DRESSING® by the compulsory basic insurance:

As of January 1, 2017, reimbursement for PRIMARY WOUND DRESSING® is granted (MiGeL number 34.70.01.00.1) with a reimbursement amount of CHF 25.00 for 10ml.
